

UNIVERSITY OF SAN CARLOS COMPUTER ENGINEERING COUNCIL

P. Del Rosario Street, Cebu City

Tel. No.: 253-1000

Series of 2023

May 7, 2023

Greetings from the RoboMANIA 2023 Committee of the University of San Carlos Computer Engineering Department!

We are excited to invite your business as one of the sponsors for our **Annual Robotics Competition** this **June 18, 2023, Sunday, 10:00 AM** onwards at the **Ayala Malls Central Bloc, Cebu I.T. Park**. We believe that your business would be a great partner to help make it a resounding success!

RoboMANIA is a one-day event that showcases the robotics skills of delegates from different schools and universities in Region VII. Before the pandemic, RoboMANIA, formerly known as RoboFESTA, has been offering a stage for talented young students to demonstrate their skills and abilities since 2006. Now with fewer restrictions, this face-to-face competition resumes with the theme: **Robotics for Realizing Advancements and Limitless Learnings for the Youth.**

As perks for being our sponsor, your business will have a chance to increase visibility and exposure through our various promotional materials, such as logo placement on event materials, advertising in our event program, recognition on our social media channels, depending on the sponsorship package available by your business.

We have attached a sponsorship package that outlines the different levels of sponsorship and the benefits that come with each package. We hope you will consider partnering with us and helping to make this event a resounding success.

To know more about the event, please visit our student council's official Facebook page at this link: [USC-Computer Engineering Council](#).

Should you have any queries or clarifications, please contact me **Engr. Elline Fabian** through my email elfabian@usc.edu.ph or through our student council Facebook page.

We would love to hear from you soon!

Thank you, and have a splendid day ahead!

Respectfully,

Elline Fabian, MEngg

Finance and Sponsorship Committee Chairman, RoboMANIA 2023
